WAREHOUSE AND RETAIL SALES DOCUMENTATION BY Angelica Adjei-Kwarteng

Date: 20th October 2024

This project is to conduct an exploratory data analysis of a given warehouse and retail sales dataset to identify patterns and gain some insights to help inform potential stakeholders' decisions.

Data source selected: https://catalog.data.gov/dataset/warehouse-and-retail-sales

This dataset contains a list of sales and movement data by item and department for a beverage shop. The actual data provided is by Montgomery County, MD.

Dataset has 307,585 entries (rows) and 9 columns.

- Column names and their description as well as their data types are shown in the table below.

Column Name	Description	Data Type
YEAR	Calendar Year	Number
MONTH	Month	Number
SUPPLIER	Supplier Name	Text
ITEM CODE	Item code	Text
ITEM DESCRIPTION	Item Description	Text
ITEM TYPE	Item Type	Text
RETAIL SALES	Cases of product sold from DLC dispensaries/ profits or losses	Number
RETAIL TRANSFERS	Cases of product transferred to DLC dispensaries	Number
